### Instructions

**Subject Priorities for FBI Arrest or Locate:**

- **A** - Subject wanted for crimes of violence (i.e., murder, manslaughter, forcible rape, robbery and aggravated assault) or convicted of such crimes in the past five years.
- **B** - Subjects wanted for crimes involving the loss or destruction of property valued in excess of $25,000 or convicted of such crimes in the past five years.
- **C** - All others

**Claiming Convictions Other Than Federal:**

It is permissible to claim a local (state, county or local) conviction if the FBI’s investigation significantly contributed to the successful local prosecution. A suggested narrative setting forth the basis for claiming a local conviction must accompany this report. When claiming a conviction other than federal, enter the word “LOCAL” in the “Conviction-Section” block, disregard the number of conviction counts, but enter the sentence “arrest” in the “Sentence-Section” block. When local convictions were accompanied by a federal conviction, enter “LF” in the “In-Jail” block for all sentence types and “CP” for all capital punishment sentences.

**Reported Convictions:**

Convictions should not be reported until the sentence has been issued. There are two exceptions to this rule. The conviction information can be submitted by itself if:

1. The subject becomes a fugitive after conviction but prior to sentencing.
2. The subject dies after conviction but prior to sentencing.

An explanation is required in the Remarks section for either of the above exceptions.

**Rule 20 Situations:**

The field office that obtained the process (normally the office of origin) is the office that should claim the conviction, not the office where the subject enters the pleas in cases involving Rule 20 of the Federal Rules of Criminal Procedure.

**Investigative Assistance or Techniques (IATs) Used:**

Since more than one IAT could have contributed to the accomplishment, each IAT must be rated.

- The IAT used must be rated each time an accomplishment is claimed. (For example - If informant information was the basis for a complaint, an arrest, a recovery and a conviction and if separate FD-515s are submitted for each of the aforementioned accomplishments, the “Informant Information” block must be rated on each FD-515 even if it was the same information that contributed to all the accomplishments.)

DOMESTIC SECURITY/ TERRORISM

On December 15, 1983, a source of the Sacramento Division, whose reliability has not yet been determined, advised that he returned this past week from Cadre Training at Regional Office Headquarters of CALIFORNIA HOMEMAKER'S ASSOCIATION (CHA), which occurred in San Francisco, California. He advised that this is the West Coast Regional Office Headquarters. He knows that the location is somewhere within two blocks of Franklin and Hayes in San Francisco. Source advised that the address might be "1148" as when the phone would ring, they would answer "1148". He advised they also refer to this Regional Office as a safe-house because they do believe it to be unknown.

Set forth is a replica of a drawing furnished by source of this location.

He stated that Regional Headquarters is also known as COSHAD. He received an orientation for three days to become a viable cadre member. He advised that 40 cadre members are involved in the orientation and that these cadre members have access to Regional Headquarters.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.
PROVISIONAL PARTY OF COMMUNISTS

He advised that captioned organization's security is very tight and they watch members' activities closely. He stated and is a full-time employee of CHA. a white female, who is a viable cadre (VC); white male VC;

whom she described as One other individual identified was

These were the individuals whom source remembered. It is noted that in pamphlet entitled, "National Labor College West, Program June 26, 1983," which source provided and is set forth herein, other names were listed.

Source said that on February 18, 1984, at 0600 hours, a revolution will occur in the United States, at which time captioned organization, known to source as CHA, and NATIONAL LABOR FEDERATION (NLF) will lead the revolution and take over the Government of the United States. He advised that this is on a need to know basis and individuals are only advised about information which pertains to them.

Source said that at Regional Headquarters, there is a sign which said at the top "COUNTDOWN" and lists the day count of when the revolution will take place, that is for example, "65 more days." He also provided the statement which is on the banner "the leaders of power will also see the strength of U. S. in numbers." He stated that this revolution is to be set up like the Russian Revolution.

At Regional Headquarters, source said that there is a room for the politburo, a library with heavy amount of Marxism-Lenonism theory.

Source stated that he heard through cadre members that the organization does have a regular army and will use an armed insurrection to carry out the revolution. He stated that this is set out in the book "Essential Organizer", which he described as a book written by members on the east coast.
PROVISIONAL PARTY OF COMMUNISTS

Source said that organization is very security conscious and has special trash baskets for confidential information, which is then destroyed. He said that they have other trash baskets for regular trash. There is a traffic officer who answers the door and receives anything or anyone who comes to the Regional Office. According to source, there is a system of ringing the doorbell, whereby they know if it is a member or if it is someone else.

According to source, he said that the person who started NLF is RASTES HARRIS, also known as "POPS", who is now deceased as of October, 1983. He stated that he died at 70 years of age in San Francisco. He stated that the head of Sacramento CHA was who has since gone to the National Headquarters, which source referred to as NOC.

Source advised that the organization was formed in Suffolk County, Long Island, New York. He is also familiar with EASTERN SERVICE WORKERS ASSOCIATION (ESWA) and EASTERN FARM WORKERS ASSOCIATION (EFWA) and TEXAS FARM WORKERS ASSOCIATION (TFWA).

Source stated that there are two other safe-houses in San Francisco, or at least he said they are referred to as safe-houses. He said one is a law firm in San Francisco, California, and another is a doctor's office, which he could not further describe. He stated that they also have an art and design studio in San Francisco. There is another thing they are doing called JOINT VENTURE PROGRAM, which they have a goal for going to Chapter 11 bankruptcy.

Source advised he attended a NATIONAL LABOR COLLEGE at a church in San Francisco, which he described as not too far from the Franklin and Hayes Area. Source attended this NATIONAL LABOR COLLEGE on December 4, 1983, which is a Sunday, when these are always held. He advised that they are held approximately once each month. Source said about 30 people attended from Sacramento and that this occurred
PROVISIONAL PARTY OF COMMUNISTS

from 2 to 9 p.m. He advised that the location of the NATIONAL LABOR COLLEGE is always a church but is not known until it is time to depart and then only by top level members. He advised they go in a caravan and stop one time at a rest area near Vallejo, California. This NATIONAL LABOR COLLEGE consists of a series of classes concerning Marxist doctrine.

Source stated that there were five security guards stationed around the church during the time the NATIONAL LABOR COLLEGE was in session. He advised that these guards did not appear to be armed but were dressed in tan fatigues with black boots, black neckerchief and a beret, which he believes was black and was stuck in the epaulet on the shoulder. He said there was a large red banner hanging up during the time of the College. These guards were believed to be from Regional Headquarters.

Source stated that the level of advancement begins with a tabular volunteer (TV), then proceeds to viable volunteer (VV), next step is tabular cadre (TC), then viable cadre (VC), where regional training is necessary. He stated that the next step is field operations personnel (FOP).

Source advised he is familiar with the following cities having a CHA or otherwise affiliated organization:

Redding, California; Medford, Oregon (SEASONAL WORKERS ASSOCIATIONS); Santa Cruz, San Diego, Oakland, and Sacramento, California; Portland Oregon and a new office at Stockton, California.

Source advised that cadre classes at the Sacramento location, which is 3500 Stockton Boulevard, Sacramento, California. He advised that principally at the Regional Headquarters. This consists of Marxist doctrine and theory. Also part of the indoctrination and study courses at CHA in Sacramento consists of weather disasters and responses to such disasters; directing activities towards the poor; and daily picket line in front of the SACRAMENTO COUNTY WELFARE DEPARTMENT.
PROVISIONAL PARTY OF COMMUNISTS

In addition to the main CHA headquarters of 3500 Stockton Boulevard, Sacramento, there is also a satellite office at 3714 Marysville Boulevard called the WORKERS COMMUNITY SERVICE CENTER. He advised both of these offices are manned 24 hours a day every day of the year. Upstairs at the 3500 Stockton Boulevard address is an area where some cadre sleep and live.

Source identified the following individuals as being current members of CHA at Sacramento:

On the same date that this information was being reported, source contacted FEDERAL BUREAU OF INVESTIGATION (FBI) Agent who was handling him and advised he had some additional information, which was obtained from source.

Therefore, the following items obtained from source on December 15, 1983, and December 19, 1983, are set forth and brief description of each is identified and is in order as indicated below:

12. The definition of CHA as presented to new members.

13. Two leaflets provided to the public announcing CHA activities.

Cadre Class: I Don't Think Russia Is A Socialist Country

It came as a response to a cadre's question - the class came from National.

The question is important.  
We expect to win - that's what makes us different from everyone else.  
There is no reason why professional revolutionaries cannot accomplish that goal.

Difference between socialism and capitalism.  
Propaganda is pushing their side of story - not always completely true.

1st thing - are no innocent bystanders in a revolution.  
People who remain undecided can make up the deciding difference.

Capitalists can buy the people they need - not to choose is to take the capitalist's side. You cannot choose your class - you are born into it.

Why fight for socialism? Because they see the effect of capitalism. People die before their time. It (capitalism) grew out of war and poverty.

United States is the highest point capitalism has reached.

People are fighting to survive in U.S.

Socialism came about because of capitalism, not visa-versa.

People seeing all the hell - look for something better.

No one is getting to the cause of the problems - only temporary solutions.

Most of wealth is owned by very few - that is what capitalism is all about.

All costs of production is directly related to labor. Sounds simple - but all is very important in understanding capitalism - cost and profit.
One who had most money, exerts most power.

Recession - factories close up, people lose jobs, have less money, are able to do even less, so more factories close up and more people lose jobs.

Gov't can't prevent recession - they want to ensure corporations make their profits. Whatever they do about recession - has to be consistent with what corporations need.

Gov't will go as far as it can before people will revolt. Then gov't will go in and put revolt down ie; welfare programs.

Revolution - vs - Rebellion

Revolution is successful permanent solution.
Rebellion is strikes, etc. - only temporary solution.
Example: bank robbers - rebellious.

Socialist countries represent over 1/3 of the world population - Russia, China, Cuba, Vietnam, etc.

INTERNATIONAL PROLETARIAT IS OPPRESSED
LOOKING TOWARDS A WORLDWIDE REVOLUTION.
U.S. IS THE CORNERSTONE.

DICTATORSHIP OF THE PROLETARIAT

Revolution comes about when a group of people have the intent to take power away from those that currently hold power, and institute different gov't politics and programs aimed at benefitting another class of people. Socialist Revolutions are brought about by Communist Parties. They differ from other parties that attempt to reform politics of existing economic systems in that they stand for revolution, and establishing the Dictatorship of the Proletariat, rather than the bourgeoisie. The bourgeoisie ceases to exist under Socialism.
The State, under direction of the Communist Party, begins to expropriate, or seize the industries that were formally owned by individuals. This takes years, although large corporations are seized quickly, so that the government represents the interests of the proletariat can immediately become the dominating force in industry.
TYPICAL DAY AT CHA (STOCKTON BLVD) DEC 16, 1983

930-1000 Confirm volunteers for the day. Start preparing day's activities to go out: ie; picket line.

1000-1300 1st Activity takes place (tactic).

SPECIAL EVENT - BAZAAR
To be held Dec. 17, 1983

Circulator Briefing

People in Carmichael will back us if they can see us deliver the goods.

Circulators are front line.

We want to win people over to our side.

We want access to their resources and contacts.

Pitch is to ask them to mobilize their community. Our members are without X-mas resources, and they have them.

Talk up successes of medical benefit and advocacy, and Hill-Burton gains.
GENERAL INFORMATION

Source learned of the following discussion and agreement with Mercy Hospital personnel.

C.H.A. made a gain in their medical benefits program. They used the Hill-Burton Law of 1946, as a way to put hospitals in a bad public light, and to make gains for their membership nationwide, and cadre.

Locally, they met with the Mercy Hospital Administration about one month ago. [_____] is one of the 3 administrators. About 30 people were present at the mtg, [_____] of the membership, which took place at the Mercy Del Paso Health clinic.

The goal of the mtg was to gain free medical care; [_____] inclusive of hospitalization, prescriptions, & miscellaneous medical supplies needed by members, and cadre. They achieved this goal.
A CLASS CALLED: "THE COMMITTEE OF RESPONSIBILITY"

A call is issued to all cadre in leadership role, - take responsibility. Revolution taking place in 77 days. Cadre to learn how to run country. Cadre work on every level is critical. Call for "middle leadership" to step up in organizational schemata.

A CLASS CALLED: "BOLSHEVIK BALANCE OF POWER"
"WE STUDY HISTORY ONLY TO CHANGE IT"

What maintains current gov't in U.S.? Fact is - no alternative gov't known to masses.

This was a class on the Oct. 19, 1917 insurrection in Russia, and the history of the Bolshevik Party.

We are not Marxists.

"Utilization, not use" is the policy of this organization.
1. CHA is not a union
2. They don't fall under U.S. Labor Laws
3. Call themselves at a local level an MBA - Mutual Benefits Association
4. Not gov't funded, nor funded by any large source. People make donations - largest on Sacramento level is $100 so far as I have seen
5. No "non-profit" status
6. Have approximately 16,000 members in Sacramento alone
7. None of the so-called 10 benefits are very well developed
8. Members have say in decision making on a local level through WBC - Worker's Benefit Council
9. Ultimate decisions come from National
10. When a member is signed-on paper for 3 months - they can hold up the legal system that long and members technically expire
11. File of membership authorizations is in office
12. Have been to court several times (approx. 100) and never lost.
13. Tell members that goal is to "make changes for our members, so that they won't have to struggle every day to make ends meet."

Source identified the abbreviation "WF", as seen on numerous MILITARY FRACTION documents, means "Working File".

Asset described enclosed document as a list of coin telephones near the New Brunswick office, by number, code name assigned, location, walking distance from the office and whether inside or outside. This was prepared at New Brunswick following direct instructions from NOC, as a security device.

On 3/24/84, Newark agents, while conducting a fissure on an unrelated matter, had occasion to observe vehicles bearing the following license tags, with people entering or leaving 1107 Carroll Street, Brooklyn, New York. Registrants were obtained via NEW JERSEY DEPARTMENT OF MOTOR VEHICLES (NJDMV) computer:

(Washington, D.C.)
1976 AMERICAN MOTORS station wagon

(New York)
1982 Plymouth, 2-door, white

(New York)
1971 Buick, sedan, green

Observing Special Agents (SAs) noted, at 8:10 pm, two or three white males exit and enter 1107 Carroll Street. A large amount of food was removed from inside. Two males who left 1107 Carroll Street and seemed to "check out" the observing SAs, went to then reentered the building.

The property is described as 26 acres with a one story stone

A check with the Pennsylvania State Police (PSP) Barracks, Reading, PA. which has responsibility for furnishing police protection for District Township, Berks County revealed no information regarding any complaints or incidents in the Baldy Hill Road area within the past year or two involving shots being fired.

A drive past the property in question, which actually located outside the small town of Landis Store, indicates that there is a sign in front of the property which contains a picture of a large dog with the words "The Patch" on it. There is a No trespassing sign at a gate, which is a section of a telephone pole which precludes entrance into the roadway. A house is situated well back from the road at least 100 yards and can be seen when there is no foliage on the many trees in the area. The area in general is very secluded and houses are sometimes quite far apart. It would be much more difficult to see any sort of activities in the summer when there are leaves on the trees.

It is believed that the is affiliated with some sort of group which has ties with the Society of Friends.

Philadelphia indices contains no derogatory information on the and no additional investigation is being conducted in this matter.

On February 10, 1984, a source of the Sacramento
Federal Bureau of Investigation (FBI) Office, who has
provided some reliable information previously, provided
information that concerns captioned organization at Sacramento,
California. It is noted that at Sacramento, the primary
name of organization is CALIFORNIA HOMEMAKERS ASSOCIATION,
and also, WESTERN SERVICE WORKERS ASSOCIATION.

On February 10, 1984, source advised as
follows:

NATLEFED has secured loans in Suffolk County,
New York, after a disaster hit.

Here in Sacramento, plans to purchase a building
and start a medical co-op will put CHA's volunteer
doctors in it.

Eventually to buy own community, members to
run it, also learn to run hospital, etc. This will also
be done through loans.

What do we understand a revolution to be? Why do we want one? What will it look like? One of the things that keeps working people divided is labor laws, non-working people are kept as scab labor to keep workers scared.

Two groups of people in production:

A. Own it all.

B. Working class - sell their labor, takes organization to get rid of division created by labor laws.

Unrecognized workers were not enough alone to make a revolution.

Started in Sacramento. NATLEFED reps unrec. workers.

To make revolution - need other stratas, professionals, etc.

Revolution actually started 11 years ago. It is just building day by day.

Very simple - actual act of taking our country.

"Communist Manifesto"

Communist definition
Someone who's fighting for the installation of the dictatorship of the proletariat.

Notes on class and Question

Economic situ - not rock bottom - but bad. What bougie does is artif. boost economy - usually a war. Creates jobs, exports greater - "we'll fight for our country."

How this class fits into organization.

Vietnam was not popular - because people were wising up to bougie's art economy boost. Bougie wasn't making money either.

73% of people hated war - Gallup poll.

Communist Manifesto

Measures in most advances countries.

1. Abolition of all property in land and application of all rents of land to public purposes.

2. A heavy progressive or graduated income tax.
PROVISIONAL PARTY OF COMMUNISTS, U.S.A.

3. Abolition of all right of inheritance.

4. Confiscation of all property of all emigrants and rebels.

5. Centralization of credit in the hands of the state, by means of a national bank with state capital and an exclusive monopoly.

6. Centralization of the means of communications and transport in the hands of the state.

7. Extension of factories and instruments of production owned by the state; the bringing into cultivation of waste lands, and the improvement of soil generally in accordance with a common plan.

8. Equal obligation of all work. Establishment of industrial armies, especially for agriculture.

9. Combination of agriculture with manufacturing industries; gradual abolition of the distinction between town and country, by a more equable distribution of the population over the country. Free education for all children in public schools. Abolition of child factory labor in its present form. Combination of education with industrial production, etc.

Our job is to know how to respond to disasters and to know about them.

Pt.: 1 Has storm hit your area?

2 Wind speed?

3 Flooding - what areas?

4 Power out?

If entity doesn't know, they need to know and we do.

Order if don't know - get data - 1u msq on service time by - 1900 today.

Order keep radio on news station non-stop during storm. Minimum program. This is geared entirely toward va participation - not all cadre - one cadre leading a team.
Order any area hit by storm

A. Call sampling of members in low lying or previously hit area - W. Sac, Broderick.

B. For every benefit case via phoning in part a or phoned in - response at office - get on phone to ind. supporters who have not been responsive lately. Pitch aid for specific situ. Pitch food, blankets, cleaning, etc.

C. As vocs are needed in lg nos - canvass out to areas hit - respond to spec emerg. process at office call vocs B&E 1st ACD next, then anyone they can think of outline spec. situ - ask for help immed.

C. Drive down now.

D. Compiled data all benes filled today for massive merchant pro and fin phoning Monday. Pitch summarize benefits filled today. Summarize continued need i.e., unfilled benes, talk about triple hardship - storm damage holiday, low income. Pitch 500 - 100 donations, toys, turkeys, food, blankets, candles, kerosene lamps, donations of gas for vol emerg. crews, winter clothing. Has to be gotten across in land-line, don't drop everything use it to mobilize people, build for holidays. Some extra time on phone for cadre. Should be able to coordinate from master file.

Suggestion that it be posted number of vocs on specific things roster of bazaar attendees be exten. Confirm calls to people on roster.

Groups of vocs doesn't near just org of bougie - also housemeeting vocs, dinners, etc.

Use what we got to get more - leaf letters.

Explain - 1st confirm attendees

2nd day before 3rd wkg and day after what we're short on - plan accordingly - don't leave things uncovered.

Or are holiday bills bearing you in red?

Leaflet
Don't give direction on phone.

Plan is to buy farmer's crops with part of funds they are trying to raise - pay farmers to plant acreage that government pays farmers to leave idle.

Medical bldg's and apartments are also in the future.

Funds are called "SADIE MCELROY memorial fund."

Questionnaires are being used now on canvasses for "new economic plan" - questions are about food and medical insurance.

Talk is still going around about restraining order on FBI on east coast and about a civil rights case.

Some org called equal (W) justice assoc - that's where checks are made out to for a tax deduction on a donation of more than $100.00 (EWJA).

Cadre class
"History of Internationals"

1786 (?) French revolution - fought on principal - property shared. America fought on same principal life, liberty and pursuit of happiness for rich, white male, property owners - talked a lot, but no real interest in communism.

French rev - opposite.
PROVISIONAL PARTY OF COMMUNISTS, U.S.A.

Jacobins overthrew jureandean - 1st attempt @ socialism - organized people through secret societies - public organization called committee of . Group community organization drive - like CHA - pulled people who were interested in revolution. Society of equals - revolutionary party of jacobins. Dealt w/illegal aspects of revolution.

1789 (?) ROBES PIERRE went wild trying to undo all of aristocracy - changed everything naval concept that job of revolutionaries is to export revolution. Bourgeoisie overthrew him. No proletariat in France - reason why.

Problems:
1. No proletariat.
2. Revolution is weakest immediately after it takes place.
3. He didn't take the goods.
4. Lack of understanding.

Baboof made 2nd attempt - built secret society - cell structure - no one knew master plan - cops got a hold of it - failure.

MARX was commissioned by German workers educational society - evolved into communist party of the time. Wrote "communist manifesto" - all about what it took to win.

After the Paris commune - another attempt - wrote plan - people had to understand that socialism was inevitable, but not without a fight. Process is like birthing.

Important - this is how CHA runs.

You have to build an organization with two parts:

1. Revolutionaries - not secret - like others - should be clandestine - had to fight for internal control of proletariat over bourgie. Will use whatever means necessary to keep bourgie down. Conflict will still
exist - fill leadership rolls over #2. (That represents CHA cadre.)

2. Organization of workers - have close ties - fight for economic demands of community broad spectrum of people - i.e. - canvass lists, etc. (That reps CHA volunteers, workers benefit council, benefit plans, etc.)

4th International exists now.

1st and 2nd and 3rd - failed.

Source also provided the following information questioning what captioned organization understands a revolution to be. (See above.)

A review of these notes seemed to be class type work to indoctrinate members of communist theory and practice.

On March 8, 1984, source provided the information on farmer's crops.

Source provided a copy of a cadre class entitled, "History of Internationals," which was being taught by of Sacramento CHA. The source provided the notes concerning this class. Results of this class set out above.

REQUEST OF THE BUREAU

The Bureau is requested to ascertain from information previously furnished to Bureau or through contact with USSD any positive information regarding travel to USSR and/or Cuba.
Dear Friend:

February 8, 1984, marks the thirteenth anniversary of the formation of the movement of the People's Fedaiian in Iran. It was initially a politico-military organization which waged armed struggle against the puppet regime of the Shah. Fedaiian's struggle against the dictatorship was marked by courageous sacrifices and devotion to the ideals of the working people. They actively participated in every stage of the revolutionary process and the great people's uprising which resulted in the anti-imperialist and democratic revolution of February 1979.

The popular and revolutionary nature of the organization acquired a qualitatively higher level after the revolution. A close analysis of the lessons and experiences drawn from the people's revolution led to a monumental development in the organization's outlook. Previous theories and practices were criticized based on scientific socialism and a clear understanding of Marxism-Leninism, proletarian internationalism and the role of the vanguard was achieved.

Today the Organization of the Iranian People's Fedaiian (Majority) is a vanguard contingent of the Iranian working class. It is an influential political organization which is struggling to raise the political consciousness of the workers and toilers, and to guide the popular forces toward unity in their fight against world imperialism led by U.S. imperialism and their indigenous reactionary allies and for peace, national independence, democracy and socialism. The O.I.P.F. (Majority) actively defended the revolution and relentlessly strived for the deepening and expansion of the working people's achievements.

The O.I.P.F. (Majority) views the unity of the communist movement in Iran as a historical necessity and a prerequisite for the final victory of the revolution. Due to the achievement of common ideological and political positions between the O.I.P.F. (Majority) and the Tudeh Party of Iran, the vital and valuable unity of the vanguard contingents of the Iranian working class is more reachable today than ever before.

Following the retreat of the leadership of the revolution from its previous positions and drastic change in the balance of power in the leading organs of the Islamic Republic in favor of the right-wing forces, the Iranian revolution is today facing a deep and dangerous crisis. Slander and attack against the Tudeh Party of Iran and the persecution of its leaders and thousands of its members and other patriots for the "crime" of defending the revolution illustrate the extent of the conspiracy unleashed by imperialism and reaction against the working people's organizations and their achievements. The O.I.P.F. (Majority) is calling on the working people to join the ranks of the most consistent defenders of their interests, the Organization of the Iranian People's Fedaiian (Majority) and the Tudeh Party of Iran, and to organize and defend the revolution by their united might.

Without a doubt the present setback in the Iranian revolution will be overcome by the determined struggle of the working people and the working class led by its vanguard, as the most advanced contingent of the people, will lead this historical struggle to the final victory.

We would be glad to recieve your message of solidarity with the Iranian working class and its vanguard, the Organization of the Iranian People's Fedaiian (Majority), on this occasion of its founding anniversary.
